

Potentially Harmful, and Dangerous Spiritual Practices

Compiled from numerous sources by Chris Lawson

<http://www.spiritual-research-network.com/dangerouspractices.html>

Please take one or two minutes to read our extended statement at the bottom of this page. We consider all of the subjects listed below to have the potential to be spiritually harmful - and a large number of them to be extremely dangerous.

SRN issues a warning about the following topics because they are *either* one, two, three, or *all* four of the following:

- Mystical and supernaturalistic health related methods
- Founded on occult principles
- Dangerous forms of occult and mystical practices
- Based on the writings and beliefs associated with either paganism, spiritism, occultism or mysticism.

If you have been involved in any of these practices or beliefs we recommend that you read our statement at the bottom of this page.

SPECIAL NOTE ABOUT CONTEMPLATIVE SPIRITUALITY PRACTICES:

The contemplative spirituality catch phrases and practices referred to above are used by Eastern occultists, religious mystics, and many “well-intentioned” Christians. Almost the entire list of these practices has been gleaned from Eastern mysticism and the occult - and they have been brought into Christian settings. Due to the massive explosion of *experience driven Christianity* and the endorsements of many well known personalities, these practices are now thought by many to actually be “Christian”.

It must be clearly noted however that “Christian mystics” gleaned these practices from Eastern religions - Hinduism, Buddhism, Jainism. (See *The Desert Fathers*, Fr. Bede Griffiths, Fr. Thomas Keating, Thomas Merton, etc.) As such, they are “Christianized” forms of non-Christian practices. Even biblical prayer has been convoluted and re-defined as “centering prayer”, the “Jesus prayer”, “slow prayer”, “mantra prayer”, “meditation” (unbiblical forms), etc.

We make special note of this here because oftentimes the “results” that people experience from these Eastern practices are contrary to biblical theology and balanced Christian practice. With this in view, it is no wonder that a number of so-called Christian leaders in our age have adopted a *pantheistic*, occult worldview - in place of a biblical, Christian worldview. The proof of this can be found in their books and sermons. The tragic end result of this is that many undiscerning church-goers (and quite a number of true Christians) are now being subjected to and influenced by an unbiblical Christianity. This new Christianized form of Eastern spirituality is an amalgamation of Eastern occult practices mixed with theologically corrupted biblical terminology. In theory it has major problems and in practice it can very quickly lead to spiritual delusion.

Another very serious problem that can arise through the use of a number of these practices is direct, overt contact with the spirit world apart from God. The technique or practice of “Centering prayer” as contemplatives call it, has a very strong potential to introduce well-intentioned people to occult practices such as *Clairvoyance*, *Clairaudience* and *Clairsentience*, etc. The Bible calls this divination, a form of the occult condemned by God Himself (Deuteronomy 18). [Click here to see many references of the biblical condemnation of divination in any form](#).

It is very simple to do the research and find out just where these practices originate from and how they have crept into the church. Sadly, many refuse to look at the facts!

BRIEF STATEMENT FROM SRN REGARDING THE ABOVE LISTED SUBJECTS

SRN considers the subjects listed above to be spiritually harmful because they have the potential to engage the practitioner in occult power. A large number of topics listed above are known to be very, very dangerous.

A strong warning is advised to all who would involve themselves with practices that originate within the realm of New Age, occult, and spiritistic practices. All occult methods have the capability

of leading to serious physical, spiritual, and personal bodily harm. We state this because all of the practices above are in some way, shape or form connected to a *pantheistic* (or *panentheistic*) worldview, which is the root of Eastern spirituality and the world of the occult.

Many individuals who delve into New Age and occult practices have suffered the consequences of spiritual oppression, occult bondage, psychological delusion, insanity, irreversible mental and physical damage, insanity, suicidal tendencies, possession states, moral degradation, sexual perversion, fatal accidents, and more.

For those who are presently involved in any form of occultism or in any practices founded upon the principles of the occult, we recommend that you fully repent of this sin and in complete willful submission to the Lord Jesus Christ, call upon Him to free you from all demonic influences. Occult bondage is too strong to break free from through any other means...Jesus Christ is the only answer!

The Bible is clear regarding all forms of occultism - it is dangerous at best, and can damn the soul at worst. For those who do not know, 'energy work', *Reiki*, channeling, *yoga kundalini* energy, spiritual intuitives, etc. are all forms of "divination" and mediumship in varying degrees. No matter how the world of the occult is repackaged and introduced into Western civilization, God's view on the subject remains the same - it is an abomination with severe consequences:

When thou art come into the land which the LORD thy God giveth thee, thou shalt not learn to do after the abominations of those nations. There shall not be found among you any one that maketh his son or his daughter to pass through the fire, or that useth divination, or an observer of times, or an enchanter, or a witch. Or a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer. For all that do these things are an abomination unto the LORD: and because of these abominations the LORD thy God doth drive them out from before thee. Thou shalt be perfect with the LORD thy God. For these nations, which thou shalt possess, hearkened unto observers of times, and unto diviners: but as for thee, the LORD thy God hath not suffered thee so to do. The LORD thy God will raise up unto thee a Prophet [prophetic of Jesus Christ] from the midst of thee, of thy brethren, like unto me; unto him ye shall hearken. (Deuteronomy 18:9-15)

Notice the last line here...

But as for you, the LORD your God has not permitted you to do so.

The warning of 3,400 years ago still stands today!

We issue our warning because we believe (and so do others) that **involvement with these practices, including dabbling in them at beginner levels and the promotion of them to any degree, has the potential to incur harmful and dangerous influences upon oneself and upon one's family.**

We believe these dangers arise from trafficking with unseen hostile spirit beings that have the ability to counterfeit themselves and masquerade as "results" in the lives of the practitioners and their clients. Making a business out of contacting the spirit world, through any of the endless means of occult methodology is no safe trade.

Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap.
(Galatians 6:7)
